POLL

Open VEVOX and access a new browser tab or use a mobile device and join us for this poll.

<https://vevox.app/#/m/131994608>

Where do your learners find images to use for their projects?

Big Huge Labs

- Templates
- Educator Accounts

Standard 1.6: Creative Communicator

Choose the right tools

- Visualize the desired result
- Sort through the templates
- Create
- Evaluate the result

Create original works or responsibly repurpose digital resources

- Find images that can be used for the project
- Create your project
- Evaluate the result
- Add attribution

Communicate complex ideas clearly

- Create your project
- Evaluate the result
- Get feedback from someone else
- Improve your design

Customize the message for the audience

- Identify the purpose of the project
- Identify the audience
- Plan the message
- Create
- Get feedback

History

PROJECT IDEAS

- Create a collage using Big Huge Labs to depict different aspects of a historical period, such as clothing, transportation, and daily life.
- Design trading cards featuring influential historical figures or key events, with information and visuals on each card.
- Create a magazine cover that highlights a significant historical period, including headlines, images, and captions.

VA SOL 2.10

The student will describe the contributions and roles of changemakers in United States history

NASA Engineer

Mary Jackson

First African American female engineer to work at NASA.

Photo from NASA Langley Research Center, Public domain, via Wikimedia Commons

Member since: 1958

Math

PROJECT IDEAS

- Create lolcat posters for math jokes or memes.
- Develop trading cards featuring mathematical concepts, equations, and their applications, with visuals and explanations.
- Go on a shape hunt around the school or classroom, take pictures of objects with different shapes, and create a collage showcasing the shapes and their names.

LOLCat

**What do you get when
you divide a pumpkin by
its circumference?**

Pumpkin pi

Science

PROJECT IDEAS

- Create a poster presenting a scientific experiment, including the hypothesis, methods, results, and conclusions, along with relevant images.
- Design a collage that illustrates different branches of science and their contributions to society, incorporating images and brief descriptions.
- Develop trading cards featuring different animals, including basic information such as habitat, diet, and unique characteristics, with accompanying visuals.

VA SOL 3.4

The student will investigate and understand that adaptations allow organisms to satisfy life needs and respond to the environment.

Viceroy Butterfly

PiccoloNamek, CC BY-SA 3.0, via Wikimedia Commons

Habitat: Most of the United States
Food: Trees - Willows, Poplars and cottonwoods
Adaptation: Mimicry

Language Arts

PROJECT IDEAS

- Create a poster displaying literary elements (e.g., plot, characters, themes) of a novel or play, along with relevant quotations and visuals.
- Design a collage showcasing literary genres, incorporating book covers, images, and brief descriptions of representative works.
- Develop a magazine cover featuring an author or a specific literary movement, including headlines, images, and captivating quotes.

VA SOL 10.4

Compare and contrast literature from different cultures and eras.

Thank you for
joining us!
